

Handout 5A.2. SLO Template Checklist

This checklist should be used for both writing and approving SLOs. It should be made available to both teachers and evaluators for these purposes. For an SLO to be formally approved, ALL criteria must be met, and every box below will need a check mark completed by an SLO evaluator.

Baseline and Trend Data	Student Population	Interval of Instruction	Standards and Content	Assessment(s)	Growth Target(s)	Rationale for Growth Target(s)
<i>What information is being used to inform the creation of the SLO and establish the amount of growth that should take place within the time period?</i>	<i>Which students will be included in this SLO? Include course, grade level, and number of students.</i>	<i>What is the duration of the course that the SLO will cover? Include beginning and end dates.</i>	<i>What content will the SLO target? To what related standards is the SLO aligned?</i>	<i>What assessment(s) will be used to measure student growth for this SLO?</i>	<i>Considering all available data and content requirements, what growth target(s) can students be expected to reach?</i>	<i>What is your rationale for setting the target(s) for student growth within the interval of instruction?</i>
<input type="checkbox"/> Identifies sources of information about students (e.g., test scores from prior years, results of preassessments) <input type="checkbox"/> Draws upon trend data, if available <input type="checkbox"/> Summarizes the teacher's analysis of the baseline data by identifying student strengths and weaknesses	<input type="checkbox"/> Identifies the class or subgroup of students covered by the SLO <input type="checkbox"/> Describes the student population and considers any contextual factors that may impact student growth <input type="checkbox"/> If subgroups are excluded, explains which students, why they are excluded and if they are covered in another SLO	<input type="checkbox"/> Matches the length of the course (e.g., quarter, semester, year)	<input type="checkbox"/> Specifies how the SLO will address applicable standards from the highest ranking of the following: (1) Common Core State Standards, (2) Ohio Academic Content Standards, or (3) national standards put forth by education organizations <input type="checkbox"/> Represents the big ideas or domains of the content taught during the interval of instruction <input type="checkbox"/> Identifies core knowledge and skills students are expected to attain as required by the applicable standards (if the SLO is targeted)	<input type="checkbox"/> Identifies assessments that have been reviewed by content experts to effectively measure course content and reliably measure student learning as intended <input type="checkbox"/> Selects measures with sufficient "stretch" so that all students may demonstrate learning, or identifies supplemental assessments to cover all ability levels in the course <input type="checkbox"/> Provides a plan for combining assessments if multiple summative assessments are used <input type="checkbox"/> Follows the guidelines for appropriate assessments	<input type="checkbox"/> All students in the class have a growth target in at least one SLO <input type="checkbox"/> Uses baseline or pretest data to determine appropriate growth <input type="checkbox"/> Sets developmentally appropriate targets <input type="checkbox"/> Creates tiered targets when appropriate so that all students may demonstrate growth <input type="checkbox"/> Sets ambitious yet attainable targets	<input type="checkbox"/> Demonstrates teacher knowledge of students and content <input type="checkbox"/> Explains why target is appropriate for the population <input type="checkbox"/> Addresses observed student needs <input type="checkbox"/> Uses data to identify student needs and determine appropriate growth targets <input type="checkbox"/> Explains how targets align with broader school and district goals <input type="checkbox"/> Sets rigorous expectations for students and teacher(s)
