Poetry Wars - Computers for 15 min.- Review comments.

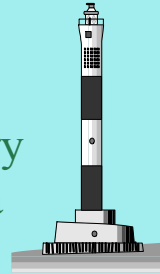

If you have a new idea or a specific response to someone with a new idea to add, go ahead and post.

Then we are putting them away, and I will say:

Open your journals and date the page.

Lighthouse

Have a lighthouse show up in your journal entry as a physical place; you can possibly use it as a metaphor or symbol, too.

Quick review of successful presentations: use of notes, eye-contact, stand still and square, voice loud enough and with animation (no robot-speak), cover all 6 pieces of the project: 1) early family history, 2) recent family 3) family traditions 4) significant object 5) family crest/shield 6) research on a country
