Thank you!

Where would we be without committees? The work may not always be glamorous, at a convenient time or even end up as intended; however, the input is priceless! A sincere thank you to all of the committee members - we are far better off today because of the perspectives you bring!

PD ON DEMAND

Due to the positive experience and opportunities being offered virtually, we will be offering PD-On-Demand. Many organizations are offering PD virtually and at times outside of the school day. If you would like to participate and receive contact hours, you will need to complete the form found at the attached link. It is imperative that you complete the form in full so the IPDP committee can recognize your time.
