Intro to Music & Movies: How-to Video
This is a group project - Technology standard: 3b, 4a, 4b, 4c

✓ **I have completed all requirements on rubric**

✓		Point Value	Your Points
	Video includes essential information about the topic. Describes how-to "steps". Research on the topic is evident.	10	
	Purpose is communicated effectively (eye contact). Well rehearsed with smooth delivery that holds audience attention. No "um's" or reading from documents.	5	
	Clarity- video did not rock/shake and the focus was excellent throughout. Nonessential video is deleted.	5	
	Location is directly related to topic. Examples – gym, library, computer room, maintenance room, home ec, office, or off-site. Or use green screen for best results.	5	
	Video has different "shots", camera "movements", use of camera "techniques", special effects. See Video labs 1, 2, & 3. Be creative!	10	
	Title slides are used. Font is formatted to enhance the slide. Timing is accurate where all text is readable.	5	
	Transitions (at least 3) **and** video effects (at least 1) are used to enhance the presentation.	5	
	Audio: Actors voice and voice-over narration is used. Volume is adjusted accordingly.	5	
	Audio: Music file, jingles, loops, or GarageBand creation. No copyright violations (must use less than 30 seconds if using copyrighted music). Volume is adjusted accordingly. All inappropriate language is muted.	5	
	Use of costumes and/or props.	5	
	Sources and credits are accurate and legible. Do not use last names of students. Credit research websites, music, images (if needed), actors, editors, camera person, anyone who helped)	5	
	Share ˃ Export to Quicktime and dropped to Schoology drop box. filename.mov . **Length of video:** Minimum 2 minutes. Maximum 2.5 minutes **(without sources/credits slide)**	5	
	Use back of this paper to: Describe in <u>detail</u> each group members' contribution to this movie: Point value given separately. Must actively contribute to receive these points.	5	
Total		**75**	
	Complete storyboard with sketches for each scene, detailed notes on titles, transitions, special effects, sound, narration, etc. Storyboard reflects outstanding planning and organization for the visuals in the video. Separate grade. I USE THIS TO HELP GRADE! Include all grading criteria.	**10**
