Movie and Music
Biography or Historical Event

**Instructions: Create an iMovie <u>slideshow</u> using information found on the Internet.
This is an individual project.** Technology standard: 3b, 4a, 4b, 4c.

√		Point Value	
	Appropriate topic and use of Internet research. Use a variety of still pictures that represent a timeline of events. Clarity- pictures are not overly distorted. Suggestion: search for pics in their largest form.	10	
	Different uses of Ken Burns Effect. Must use at least one forward, one reverse, and one which effect is turned off.	5	
	Use of at least 6 different <u>title</u> slides. Text needs to stay on screen long enough to read. Demonstrate use of backgrounds, colors, and fonts.	5	
	Use of at least 2 effects.	5	
	Use of at least 6 transitions to enhance the presentation.	5	
	Use of music file. Match audio to slide show theme. Adjust volume accordingly. Any curse words must be muted. If audio (music) is longer than slideshow, split and delete the excess.	5	
	Share Project>Quicktime>Compress Medium>Share.	5	
	Drag file to: Classes>Movie and Music>drop box.	5	
	Length of video: no less than 60 seconds.	Grade is zero if not complete	
	Completed storyboard attached to this rubric and handed in. Must have at least six scenes. All transitions and effects must be labled.	10	
	Due date _____ 10% per day late penalty.		
	Total	**55**	

Notes:
- **Use student account.**
- **Drag pictures from Internet to desktop in largest file size possible, then import to iMovie.**
- **Organize and arrange photos in timeline.**
- **Must adjust Ken Burns before adding transitions or titles.**
- **Transitions need to be done last.**
- **iMovie may duplicate clips when adding titles or transitions. This is normal.**
- **Use the UNDO button if something happens that you do not want.**
- **Try using iMovie Help system if you are stuck.**
