The education of students at Huron High School involves a partnership among school personnel, students and their families. The responsibility of the board of education is to provide trained and concerned teachers and staff of high standards, dedicated to the development of the students' intellectual, practical and marketable skills through course offerings in the basic subject areas of language arts, mathematics, science, social studies, business, and fine arts. The family's responsibility is to provide an environment of positive support for the student. This total partnership encourages the participation of students in extracurricular or supplemental activities, and further recognizes their importance in the development of healthy, well-balanced individuals.

GIFTED EDUCATION

Huron City School District follows the March 2008 “Operating Standards for Identifying and Serving Gifted Students” and has an approved plan on file with the Ohio Department of Education.

There are two opportunities each year for assessment to identify students who perform or show potential for performing at high levels of accomplishment in the areas of superior cognitive ability, specific academic ability, creativity, and visual and performing arts. Referrals for assessment are accepted on an on-going basis using the process outlined in the “Information for Parents and Notice to Parents” brochures available at the district offices. This brochure also explains the withdrawal procedures and the process for appeals.

- The *District Policy and Plan for the Identification of Children Who Are Gifted* describes the eligibility criteria, the identification plan, and the appeals process allowable by HB282; and
- The *Notice for Parents – Assessment Instruments Used for Gifted Identification* lists the instruments accepted by the Ohio Department of Education for both screening and identification.

Students identified as gifted need differentiated curriculum and instruction through a continuum of services. Examples of such services may include large group instruction, subject acceleration, early entrance, small group instruction, honors courses, and dual enrollment opportunities. For further information regarding gifted identification, contact the appropriate building principal or the Director of Gifted Education.

HAZING POLICY

This policy has been adopted by the Huron City Schools to maintain a safe learning environment for students that is free of hazing. The Huron City Schools shall not tolerate any hazing of students and prohibits hazing at all times.

1. Definition. Hazing means any conduct or method of initiation into any student organization or team, whether public or private property, which willfully or recklessly causes or creates a substantial risk of causing the physical or mental health, harm to any student or person. Such conduct includes but is not limited to whipping, beating; branding; forced consumption of any food, liquor, beverage, drug, or other substance; or any physical health or safety of any student or other person, or that subjects each student or other person to substantial mental stress, including deprivation of sleep or rest or extended isolations.
2. Staff’s responsibilities. Teachers, administrators, volunteers, contractors, and other district employees shall be alert to possible situations, circumstances, or events that may constitute hazing. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute hazing shall inform the school principals immediately. Teachers, coaches, administrators, volunteers, contractors, and other district employees shall not plan, direct, encourage, aid in, engage in, permit, condone, or tolerate hazing.
3. Where and when policy applies. This policy applies to behavior that occurs on or off school property and during and after school hours.
4. Formal reporting procedure. Any person who believes they have been the victim of hazing or any person with knowledge or belief of conduct that may constitute hazing shall report the alleged acts immediately to the school principal, the assistant principal, or the superintendent.
5. Informal reporting. Students and staff may seek advice on matters related to the hazing policy without having to file a formal complaint. Students who feel they have been subjected to hazing should talk with a principal, teacher, coach, or advisor. Staff members approached by students shall counsel them on options available to them under this policy and are required to report the incident to the principal or assistant principal. Staff members who have concerns about possible hazing behavior are encouraged to talk with a principal, teacher, coach, or advisor. The district intends to try to stop hazing, not to determine intent or blame.
6. School district investigation. Upon receipt of a formal complaint or report of hazing, the school district shall undertake or authorize an investigation by the school district officials or a third party designated by the school district. The investigation will be completed as soon as practicable and a report will be filed with the superintendent within fifteen (15) days of completion of the investigation.

7. Discipline. The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other district employee who is found to have violated this policy. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.

COURT ORDERS

It is the responsibility of any person (student, parent, guardian, etc.) in possession of any type of court order that would have an impact on the educational process, the school environment, classroom activities or student activities to notify school authorities. Proper notification will enable school authorities to react and abide by the court ordered provisions of such writ. Failure to provide proper notification to school officials of the existence of such writ prevents the order from being followed and absolves school authorities of having knowledge.

SEXUAL HARASSMENT POLICY

Huron High School recognizes that a student's right to freedom from discrimination includes the opportunity to learn and participate in an educational environment free of sexual harassment. Sexually offensive speech and/or conduct are wholly inappropriate and will not be tolerated in any form.

ELECTRONIC SURVEILLANCE

Surveillance cameras are posted throughout building and school property.

FERPA – CONFIDENTIALITY POLICY

The Family Educational Rights and Privacy Act (FERPA), a Federal Law, requires that schools, with certain exceptions, obtain written parental consent prior to the disclosure of personally identifiable information from your child's education records. However, schools may disclose appropriately designated "directory information" without written consent, unless the parent has advised the school in writing to the contrary. The primary purpose of directory information is to allow the school to include this type of information from your child's education records in certain school publications. Examples include but are not limited to:

- ❖ A playbill, showing your student's role in a drama or musical production;
- ❖ The annual yearbook;
- ❖ Honor and merit rolls or other similar recognition lists;
- ❖ Graduation, activity, club, and banquet programs;
- ❖ The morning school announcements; and
- ❖ Sports activity sheets, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to companies that manufacture class rings, publish yearbooks, or take the school pictures. In addition, two federal laws require local educational agencies (LEA) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, address, and telephone listings – unless the parent has advised the LEA in writing that the parent does not want the child/student's information disclosed without the parent's written prior consent.

If you do not want Huron High School to disclose directory information from your child's education records without your prior written consent, you must notify the school in writing by the end of the first week of classes. The school has designated the following information as directory information:

- ❖ Student's Name;
- ❖ Participation in officially recognized school activities and sports;
- ❖ Address;
- ❖ Telephone listings;
- ❖ Weight, height, and grade of athletic teams;
- ❖ Electronic mail address;
- ❖ Degrees, honors, and awards received;

- ❖ Major field of study;
- ❖ Dates of attendance;
- ❖ Grade level; and
- ❖ The most recent educational institution attended.

The release of photographs will be addressed via a *Minor Photo Release Form*, to be filled out on Final Forms by the parent/guardian.

(Legal sources for the above are: Section 9528 of the ESEA (20 USC 7908) as amended by the No Child Left Behind Act of 2001 (PL 107-110), the education bill, and 10 USC 503, as amended)

B. Attendance

Regular school attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school prepared for higher education and the workforce. To support academic success for all students, the district will partner with students and their families to identify and reduce barriers to regular school attendance. The district will utilize a continuum of strategies to reduce student absence including, but not limited to:

- Notification of student absence to the parent or guardian;
- Development and implementation of an absence intervention plan, which may include supportive services for students and families;
- Counseling;
- Parent education and parenting programs;
- Mediation;
- Intervention programs available through juvenile authorities; and
- Referral for truancy, if applicable.

Legal Consideration

The law is quite specific in regard to school attendance. Children between six and eighteen years of age are of compulsory school age (O.R.C. 3321.01) and must attend school or a special education program conforming to state minimum standards, unless otherwise instructed or excused (O.R.C. 3321.03).

Civil authorities may hold the parent/guardian or the child liable for violating school attendance laws (O.R.C. 3321.19 or 3321.22).

DEFINITION OF TRUANCY AND EXCESSIVE ABSENCES

1. 'Chronic truant' is removed from the law;
2. Definition of 'habitual truant' changed from days to hours. The new definition is:
 - a. Absent 30 or more consecutive hours without a legitimate excuse;
 - b. Absent 42 or more hours in one school month without a legitimate excuse;
 - c. Absent 72 or more hours in one school year without a legitimate excuse.
3. Includes 'excessive absences':
 - a. Absent 38 or more hours in one school month with or without a legitimate excuse;
 - b. Absent 65 or more hours in one school year with or without a legitimate excuse.

Excused Absence

Absence is defined as the failure of a student to report to school or class when assigned for instruction. Under certain circumstances absences are excused/ permissible.

Students are expected to attend school every day unless prevented by one of the following reasons:

- Personal illness
- Illness in the family
- Observance of religious holidays
- Quarantine of the home
- Death of a relative
- Court of law hearing
- Work at home due to absence of family or guardian
- Prior approved vacation
- Family emergency or set of circumstances which, in the judgment of school officials, constitute a good and sufficient cause for absence from school.

An absence for any reason other than those cited above is illegal/not permissible and constitutes truancy/unexcused absence.

Attendance Policy

When a student's absences surpass the threshold for a habitual truant (without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month or 72 or more hours in a school year):

- The building principal assigns the student to an absence intervention team within 10 days of the triggering event.
- The absence intervention team must be developed within seven school days of the triggering event and is based on the needs of the individual student. The team will include the building principal, school counselor, and student's parent or their designee, and also may include a school psychologist, counselor,

teacher, social worker or representative of an agency designed to assist students and their families in reducing absences.

- During the seven days while developing the team, the principal will make at least three meaningful, good faith attempts to secure participation of the student’s parent. If the student’s parent is unresponsive the District investigates whether the failure to respond triggers mandatory reporting to the appropriate children’s services agency and instructs the absence team to develop the intervention plan without the parent.
- Within 14 school days after a student is assigned to a team, the team develops a student specific intervention plan to work to reduce or eliminate further absences. The plan includes, at minimum a statement the District will file a complaint in juvenile court not later than 61 days after the date the plan is implemented if the student refuses to participate or fails to make satisfactory progress. The District makes reasonable efforts to provide the student’s parent with written notice of the plan within seven days of development.

Filing a Complaint with Juvenile Court

The attendance officer must file a complaint against the student in juvenile court on the 61st day after implementation of the absence intervention plan when:

1. the student’s absences have surpassed the threshold for a habitual truant;
2. the District has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies and any offered alternatives to adjudication and
3. the student has refused to participate in or failed to make satisfactory progress on the plan or any offered intervention strategies or alternatives to adjudication as determined by the absence intervention team.

Unless the absence intervention team determines the student has made substantial progress on their absence intervention plan, the attendance officer must file a complaint against the student in juvenile court if the student is absent without legitimate excuse for 30 or more consecutive hours or 42 or more hours during a school month at any time during the implementation phase of the intervention plan or other intervention strategy.

Habitual Truant

Summary of Duties:

Triggering instance	Steps to be taken.
Student is absent (excused or unexcused) for 38 or more hours in one school month or 65 or more hours in one school year.	Truancy intervention team forms and provides written notice to the parent, within seven days of the triggering absence.
Student is absent (unexcused) for 30 or more consecutive hours, 42 or more hours in one school month, or 72 hours in one school year.	District or school must assign the student to a truancy intervention team within seven days of the triggering absence. District or school must make three meaningful, good faith attempts to secure participation of the parent and investigate whether a failure to participate warrants a report to child protective services. Within 14 days of assignment of a team, the team must develop an absence intervention plan. Within seven days of the plan's development, the district or school must provide written notice of that plan to the parent. District or school may contact the court about informal enrollment of the child in an alternative to adjudication.

Student refuses to participate or fails to make satisfactory progress on absence intervention plan.	Attendance officer must file a complaint in the juvenile court not later than 61 days after plan implementation.

Within seven days of the plan's development, the district or school must provide written notice of that plan to the parent. District or school may contact the court about informal enrollment of the child in an alternative to adjudication.

ATTENDANCE RELATED RULES AND REGULATIONS

ASSIGNMENTS AND TESTS

If a student is absent one day or a part of a day, including field trips or other school activities, they will, on the day they return to school, submit all assignments and take any tests given during the absence at the beginning of each class the day following the student's return.

If a student is absent two or more consecutive days, they will be allowed a like number of days to make up the work. It is the student's responsibility to contact their teacher concerning the assignments and due date. Make up tests cannot be taken prior to an absence. All tests must be made up after the absence (for excused absences only).

DETENTION HOME ASSIGNMENT POLICY:

Students who are in the County Juvenile Correction Facility have the opportunity to complete all assignments at full credit. It is the parent(s) responsibility to pick up work from the high school office and deliver it to the facility.

TIME AND ARRIVAL AND DEPARTURE

The building is open to students when the buses begin to arrive at school. By 7:25 A.M. all students will be in their first period class to avoid tardiness. All students are expected to be out of the building by 2:50 P.M. unless they are in an activity supervised by a staff member, or are waiting for their bus. Once a student arrives at school, permission must be obtained before leaving school and/or school grounds from the administration. This includes before school, during the school day, and prior to assigned Detention or Saturday School. Any student leaving the building must sign-out in the office and sign-in upon returning. Students must enter and exit through the front doors once the school day has begun.

TARDINESS

First period only - all students who arrive to school after the 7:25 tardy bell must report to the main office for an admission slip. If a student is tardy to a class other than the first period, the teacher is to admit the student to class and notify the office. A student who is tardy by more than 30 minutes to his/her first period class will not be permitted to participate in extracurricular activities that day unless a doctor's excuse is presented.

A student who arrives after the start of school will receive an unexcused tardy (which accumulates towards detentions) unless they have a medical, court or counseling note signed by the appropriate official, or if a phone call is received from the parent verifying the illness before the end of the school day. Only a medical, court or counseling note excuses the tardy student from a class absence.

1 st & 2 nd Tardies -----	No Penalty
3 rd Tardy-----	Warning Notice to Parents
4 th Tardy-----	One Detention
7 th Tardy-----	Two Detentions
9 th Tardy-----	One Saturday School
12 th Tardy -----	One Saturday School and/or Possible Loss of Privileges.

Further tardiness could lead to Saturday School, Loss of Privileges and Referral to Juvenile Court.

NOTE: A student that completes 20 consecutive school days without a tardy will earn one tardy merit.

TRUANCY

“Truancy” is defined as any unauthorized absence from school or class. Students arriving to school beyond 7:35 a.m., without a qualifying legal excuse, will be considered truant. Truancy shall be considered any unauthorized absence from school or class. Truancy is considered a serious breach of school rules. When a student is truant from school/class they will be subject to the following penalties:

- 1st Offense
 - Two detentions and unexcused absence
 - Parent/Guardian notified of truancy
 - Possible loss of school privileges
- 2nd Offense
 - One Saturday School and unexcused absence
 - Parent/Guardian notified of truancy
 - Possible loss of school privileges
- 3rd Offense
 - Two Saturday Schools.
 - Possible loss of school privileges

1. Students and their families are responsible for arranging the college visit on their own to coincide with their schedules. Guidance has the phone numbers and web site addresses to help facilitate this process if needed.
2. Once the student has scheduled a visit, the student must complete the college visit form available in the Main Office. This needs to be signed by the parent/guardian and returned to the main office a week prior to the visit.
3. The parent/guardian must call the school office to report the student's reason for absence as being a college visit on the day of the visit or day before the visit.

ADULT STUDENTS

Students who are eighteen (18) years of age or older attend Huron High School under the same policies, rules and regulations as any other student.

Students will be given 24-hour advance notice for all Detentions. If a student feels there is a valid reason for missing an assigned Detention the parent/guardian must contact the assistant principal prior to missing the assigned Detention. If absent from school, the assistant principal will reschedule your Detention. Failing to attend or being removed from an assigned Detention will result in a more serious penalty that could include additional Detentions, Saturday School or Out of School Suspension.

SATURDAY SCHOOL

Saturday School is an administrative option for students. Only the building principal or assistant principal will assign Saturday School. The hours for Saturday School are 8:00 am to 11:00 am. A 10 minute break will be given midmorning however, lunch will not be provided. Students must report on time and bring textbooks, homework, and enough school related materials to keep their attention for the entire session. School officials may exercise their option to involve students in group activities, proficiency remediation, and other structural educational activities. Failure to attend a Saturday School or removal for inappropriate behavior could result in an Out of School Suspension. Saturday Schools will be held in either Huron High School or McCormick Middle School.

PROCEDURES FOR IMPLEMENTATION OF IN SCHOOL SUSPENSION, OUT OF SCHOOL SUSPENSION, EXPULSIONS, AND REMOVALS

School administrators shall be responsible for the implementation of the policy.

Huron Students who attend EHOVE Career Center or any alternative school placement that are removed, suspended, or expelled while attending EHOVE will not be permitted to attend Huron High School until the period of removal, suspension or expulsion has expired. Any student removed, suspended, or expelled from school may not participate in, or attend extracurricular activities during the period of removal, suspension or expulsion. Those students are not permitted on school property at any time and should remain home during school hours.

The third suspension in a semester or the fourth for the school year will be 10 days and recommendation for expulsion.

EXPULSION

A student may be expelled by the superintendent of school in accordance with procedures outlined by Ohio Statutes for a period up to 80 school days.

Due process shall be afforded the student by the building administrator before an administrator recommends expulsion to the superintendent.

Prior to the intended expulsion, the superintendent must enact the following procedures.

1. Give the student and their parent, guardian or custodian written notice of the intention to expel. That notice must advise the student and their parent, guardian, custodian or other representative of their right to appear in person before the superintendent or their designee to challenge the reasons for the expulsion. That notification must carry the place and time of the hearing, which must take place no earlier than three (3) days and not later than five (5) days after notice is sent.
2. Conduct a hearing under appropriate guidelines of hearing procedures within the above stated period. Within twenty-four (24) hours of the expulsion, the superintendent must notify the parent, guardian or custodian, and Treasurer of the Board of the action to expel the student. The notice must include the reasons for the expulsion, and the right of the parent or custodian to appeal to the Board of Education or its designee, the right to be represented at the appeal, and the right to request the hearing to be held in executive session. Students expelled will not receive credit for the duration of the expulsion. Expelled students may receive an "F" for the grading period and no credit for the semester.

PERMANENT EXCLUSION

The Board may seek the permanent exclusion of a student 16 years of age or older who is either convicted in criminal court or adjudicated delinquent by a juvenile court of any of the following offenses:

Permanently excluded students may not attend any Ohio School district.

EMERGENCY REMOVAL (BY ADMINISTRATOR)

If a student's presence and behavior poses a continuing danger to persons or property or is an ongoing threat of disrupting the academic process, then the superintendent, principal or assistant principal may remove the student from the school premises, and curricular, or extracurricular activity.

1. If it is intended that the student be removed from the curricular or extracurricular activity for more than twenty-four (24) hours after a removal is ordered,
 - a. An attempt should be made to notify their parent or guardian as soon as possible by telephone of the pending action and reasons for it.
 - b. Written notice of the hearing and the reason for the removal and any intended disciplinary action must be given to the student prior to the hearing.
 - c. The person who ordered or requested the removal must be at the hearing.
 - d. If suspension or expulsion is intended, the due process requirements of the law will be followed.
2. In all cases of normal disciplinary procedures where a student is removed from a curricular or extracurricular activity for less than twenty-four (24) hours, due process requirements, outlined in this policy, do not apply.

INTERVIEWING STUDENTS

Caseworkers of Erie County/Huron County Children Services, any Probation Officer of Family Court, and Custody Investigator of Family Court, with proper identification, have the right to contact and interview any child at any school in Erie County privately and without consent of parent. This is pursuant to the responsibility given Erie County/Huron County Children Services for the investigation of abuse and neglect charges under the authority of the juvenile laws of the State of Ohio. Other law enforcement officers may talk with a child at school or take other necessary measure regulated by the judicial laws of the local, county, state, and federal government agencies. The principal shall exercise appropriate "duty of care" and act in place of the parent where necessary.

RULE #21 SUBSTITUTE TEACHERS/PERSONNEL: Students are expected to render any substitute teacher or other substitute personnel the same respect and cooperation shown a regular staff member.

RULE #22 TECHNOLOGY MISUSAGE: A student(s) shall not use or attempt to use or steal any electronic school media, such as computer hardware and software, either at school or from home, phones, calculators, etc. in any fashion in an unauthorized manner, to access school information, use another student's or the school's software (disc, CUD, etc.) or information not exclusively belonging to the student. Students shall not use school electronic equipment, nor access such equipment, in any manner contrary to the district's or provider's Acceptable Use Policy.

RULE #23 TOBACCO, NARCOTICS, ALCOHOLIC BEVERAGES, DRUGS, ELECTRONIC CIGARETTES, COUNTERFEIT CONTROLLED SUBSTANCES

AND/OR DRUG PARAPHERNALIA: A student shall not possess, use, transmit, conceal, or show evidence of consuming or using tobacco, electronic or vapor devices, narcotics, alcoholic beverages or drugs. Narcotics and drugs are defined as follows: any narcotic, drug, medicine or pill, chemical preparation, plant, seed or derivative thereof, of a hallucinogen, barbiturate or amphetamine nature. Students are not permitted to have matches or lighters in their possession.

It is important to note that beverages described as non-alcoholic and/or de-alcoholized representation of alcohol products also contain small amounts of alcohol and are prohibited.

Possessing, using, selling, offer to sell, giving, packaging or delivering any "counterfeit controlled substance" or "look-alike drug" as defined in Ohio Revised Code in amended sections 2925.01(P) and 2925.37 is a crime in the state of Ohio with various penalties. Look-alike drugs or counterfeit controlled substances are defined as:

- A. Any drug that bears, or whose container bears, a trademark, trade name or other identifying mark used without authorization of the owner of rights to such trademark, trade name, or identifying mark;
- B. Any unmarked or unlabeled substance that is represented to be a controlled substance that manufactured, processed, packed or distributed it;
- C. Any substance that is represented to be a controlled substance but is not a controlled substance or is a different controlled substance;
- D. Any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in shape, size and color, or its markings, labeling, packaging, distribution or the price for which it is sold or offered for sale.

The use of the above is strictly prohibited, except that possession of a medication together with evidence that a duly licensed physician has ordered such medication for medical purposes shall not constitute violation.

A student shall not use or possess (includes lockers and cars) tobacco in any form in, on, or near school property during the school day or at any school grounds. ORC 2151 - 87CBI states it is illegal for minors to possess tobacco and any tobacco product or paraphernalia.

Since tobacco products are known to cause health problems and the possession of tobacco products by a minor is illegal, the Huron City School District takes the position that using and/or possession of tobacco products in the school may be cause for suspension and/or expulsion.

Using and/or possessing a tobacco product or electronic cigarette in the school building or on school property during school hours or at any school related activities are prohibited.

A student possessing a tobacco product, or apprehended in the act of using, or within the realm of reasonable evidence that use was taking place, or had taken place, will be suspended.

The second offense will result in a longer suspension.

The third offense will result in a 10-day suspension and a recommendation for expulsion by the superintendent. Staff members are to indicate the facts of observation or apprehension to the principal.

NARCOTICS, COUNTERFEIT SUBSTANCES, ALCOHOL/DRUG PARAPHERNALIA

Considering the health of the student and in keeping with the laws of the State of Ohio involving the use and possession of narcotics, counterfeit drugs, steroids, and alcohol beverages by minors, the regulation prohibiting such possession or use is adopted. A student involved for the first time in the use of, or possession of, narcotics, counterfeit drugs, steroids, or alcoholic beverages (of any percentage of alcohol) at school related activities, on off school premises, may be suspended or expelled by the superintendent upon recommendation of the principal or follow the assessment.

If the assessment option is followed, the student must comply with recommendations from the assessment process upon administration approval. Assessments must be provided by personnel credentialed by the Ohio Chemical Dependency Counselors credentialing board.

A second-time offender within a 365 day period may be recommended for expulsion.

The parent/guardian will be notified in each case concerning the situation and the action taken. Local law enforcement agencies may be notified. Any refusal or failure to abide by the above guidelines and recommendations will result in the loss of the alternative and imposition of the above-mentioned expulsion.

ERIE COUNTY FAMILY COURT POLICY

Concerning Juveniles and Alcohol, Drug and Substance Abuse Until further notice the Juvenile Division of the Erie County Family Court shall enforce the following policy:

2. Students are not allowed to order "fast food" deliveries during lunch.
3. Groups with permission to bring in food may be assigned to a designated area.

LOCKERS & LOCKS

Lockers are school property on temporary loan to students, and therefore, subject to periodic cleaning and searches, throughout the year (ORC 3313.20). A locker is assigned to each student to be used for the storage of books, clothing, and school materials. The school strongly suggests using a lock to guard contents of a student's locker and is not responsible for lost, damaged, or stolen property. Students may obtain a lock from the main office or use a lock of their own. However, as stated, the administration reserves the right to search lockers at any time. If a student chooses to use a lock that was not school-issued, the lock may be damaged in order to access the contents of the locker at no expense to the school.

CANINE SEARCHES

School administrators may use dogs trained to detect contraband to conduct random searches for contraband in student lockers, other common areas of school buildings, and vehicles parked on school grounds in middle and high schools. A qualified and authorized trainer and a school administrator shall accompany the dogs. If a dog indicates that contraband is present on school property, school administrators can conduct a further search.

6. A student with a pass to leave the study hall should remain in their seat until attendance has been taken. When asked they are to hand the pass to the monitor and sign out of study hall.
7. Consequences for study hall removal follow regular classroom removal procedures.

STUDENT PARKING

Students may park only on the blacktop area north of the building. Motor vehicles are to be parked properly in the lined parking spaces. **A student staying after school for a practice, or meeting, is to leave their motor vehicle in the student parking lot until they go home.** Students returning for activities or practices outside the regular school day, may park in the spaces along the entrance driveway west of the light tower.

Students are not to congregate in the parking lot, but are to park their motor vehicles and leave them immediately. A student is not permitted to go to their motor vehicle during the school day without a pass from the administration. Driving in an unsafe manner or in an unacceptable manner on school property will result in loss of driving privileges to and from school. **THERE IS A 10 MPH SPEED LIMIT ON SCHOOL GROUNDS.**

PAY TO PARTICIPATE

High School Athletics/Band 125.00
Academic/Student Club 50.00

*Students participating in extra-curricular and/or co-curricular activities will be assessed a pay to participate fee once per school year. A student will only be assessed the fee one time per school year and then can participate in multiple activities. The maximum fee is \$125.00/student. There will be no family cap.

After being confirmed as a member of an athletic team roster, marching band, extra-curricular academic activity and/or member of a student club, the fee will be assessed on the student in Progressbook.

Technology Fee:

The Huron City School District participates in a 1:1 technology initiative. All students in grades 7-12 will be issued a school owned Chromebook. All parents/guardians and students will be required to abide by the rules set forth in the technology handbook. A “Chromebook Use” permission form with parent/guardian and student signatures will be required before taking possession of a school owned device. Huron City School District uses technology and the Chromebook to deliver instruction and student assignments within coursework. Parents/Guardians and students should understand that using such devices for academic endeavors is an expectation of students enrolled in Huron City Schools. As students enrolled, students are expected to use Chromebooks for academic applications and other educational endeavors.

**Academic instruction and the delivery of class assignments will only be provided in alternative methods when determined appropriate by school administration, or when necessary based on an individual student’s needs.(Take Out? - Student Handbook)

FEES, DAMAGE, AND INVENTORY CONTROL

Before the start of the school year, school technology services will inspect and repair all school owned Chromebooks to properly functioning capacity. Upon checkout of the Chromebooks, parents/guardians/students will validate the proper functioning of the Chromebook issued to the student. (Take Out? - Student Handbook)

Huron City Schools requires a nonrefundable yearly fee of \$25 per student for the possession and use of school owned devices. The fee is required to be paid before the school will issue students a Chromebook device. This does not cover against a lost, stolen, severely damaged, or otherwise irreparable Chromebook due to negligence or abuse. The required fee helps to cover normal repair issues due to normal “wear and tear” associated with daily use of the device as deemed by the superintendent or his designee. Normal “wear and tear” will be deemed by the superintendent or his designee. A temporary replacement Chromebook will be issued, if available, while repairs are being made.

If a student and/or family are currently experiencing financial hardship, the family must contact the Huron City School administration in order to discuss the unique situation and set up a payment plan.

If it is determined by the school that a complete replacement of a Chromebook is required due to severe damage, neglect caused by extreme usage, or abuse as determined by the school, the parent/guardian is required to pay the entire cost to replace the Chromebook. Some examples of severe damage, neglect or abuse are if a Chromebook is lost, stolen, dropped, damaged by water, food, or drink, screen broken from main unit. As of July, 2021 an estimated replacement cost for a chromebook in Huron City Schools is \$250.00

Students/Parents/Guardians/Teachers are not authorized to attempt repairs themselves or to contract with any other individual or business for the repair of the Chromebook. Students agree to bring any Chromebooks that are damaged or not working properly to their building principal. Intentional damage to the Chromebooks is considered vandalism. In this case, full repair or replacement cost of the Chromebook will be charged to the parents/guardians, and further disciplinary action may be taken.

Chromebooks are checked out using the Chromebook serial number, battery serial number, and power adapter serial number. The student is responsible for all equipment checked out in his/her name. Therefore, students are not to exchange Chromebooks, batteries, or power adapters. At the conclusion of each school year, students will be required to turn in the Chromebook to school officials. Chromebooks will be inspected by the technology specialists at this time. Students will be expected to check in the same serial numbered equipment as originally checked out unless replacement equipment has been issued by the technology department.

Chromebook Repair and Replacement Fees/Costs

When it is determined by school technology services or school administration that a Chromebook is in need of replacement parts/components or repairs due to negligence or abusive use of the device to keep the device operating properly, the parents/guardians/student will be charged the cost of supplies/materials needed to replace the non functioning component (i.e. screen, keyboard, touchpad assembly, replace charger, etc.) or repair the Chromebook to normal operating capacity.

Huron City Schools reserves the right to charge families the cost of repairs for each separate incident in which a student's school issued Chromebook requires replacement parts or repairs. If it is determined by school technology services and/or school administration that a complete replacement of a Chromebook is required due to damage caused by negligence, abuse, or extreme usage as determined by the school, the parent/guardian/student is required to pay the entire cost to replace the Chromebook.

Damaged, Lost, or Stolen Devices

In the event a Chromebook is thought to have been lost, stolen, or vandalized, the parents/guardians and/or student must report the incident to school administration (Principal or Assistant Principal) by the next school day following the incident. In the case of theft, vandalism or other criminal acts, a police report **MUST** be filed by the student or parent/guardian within 48 hours of the occurrence and a copy of the police report must be brought to the school by the next school day. **Parents/Guardians and students are reminded that the act of filing a false police report is a felony.**

The parents/guardians of the student with the lost, stolen, or destroyed (vandalized) Chromebook may be required to pay the entire cost to replace the Chromebook.

In order for the Huron City School District to be able to continue to make its computer and distance learning networks and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one student's misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the School's teachers and other Staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Students will receive copies of the Acceptable Use and Internet and Distance Learning Safety Policy ("Policy") of the Huron City School District and the Data Acquisition Site that provides Internet access to the School District. Upon reviewing, signing, and returning this Policy as the students have been directed, each student will be given the opportunity to enjoy Internet access at School and is agreeing to follow the Policy. 2. A student may pass every subject and not be eligible because of the 1.6 requirement.
3. A student may exceed the 1.6 requirement and not be eligible because of failure to meet the five credit requirements.
